Flag: Follow up

Nikia,

We have reviewed MBMG's updated May 2019 QAPP. They have addressed the comments submitted to them by EPA on May 9, 2019, and we have no further comments. Therefore, we recommend that EPA approve the QAPP and that MBMG move forward with the private well sampling once the signatures are in place.

Attached you will find the signature page that needs yours and Daryl's signatures and the approved crosswalk that needs to be submitted back to MBMG.

If you have any questions, please let me know.
